Getting funding for your music is the # 1 challenge faced by most musicians.

The question is,

“Is There Anybody Out There To Help Me?”

FACTOR (Foundation to Assist Canadian Talent on Records) is familiar to many musicians as a not-for-profit organization providing grants to Canadian musical talent. However, there are many other groups (national, provincial and local) offering funding and non financial support to help musicians further their careers.

Presented by Rick Levine, musician, singer/songwriter, publisher and President of **ICEBOX**, this session will unravel the alphabet soup of acronyms these groups are known by and tell you what they can do for you. Topics will include:

Music Festival Organizations, Canadian Cultural Support, Exporting Your Music, Government Grants, Touring Funds, Music Conferences Subsidies, Digital Distribution Equity and more!

Join us at Riverflow Centre off the Danforth to find out that
“YOU ARE NOT ALONE!”
